TRANSFER OF RESERVES

The Company has not transferred any amount to General Reserve during the financial year 2016-17.

DIVIDEND

Due to inadequacy of distributable profits during the fiscal under review, the Board of Directors regrets their inability to recommend a dividend payout.

OPERATION AND PERFORMANCE OF THE COMPANY

The year under review was one of the most difficult one

for your company. Company performance suffered largely due to poor performance of the metals industries.. The Margins continue to be under pressure and the cash flow is also constrained as regular payments are not coming from customers on time. Various steps are to be taken for promotion of aluminium sector and facilitating its growth. All these factors indicate that there is a highly promising future for the aluminium industry in the country. Further in this connection, in the last quarter of the year under review has shown some improvement and market are started up and the management is expecting some good order from

the new customers. The management is also giving special attention to cost reduction and collections to improve the financial performance.

HUMAN RESOURCE AND INDUSTRIAL RELATIONS

CORPORATE SOCIAL RESPONSIBILITY (CSR):

At Century Extrusions Ltd., Corporate Social Responsibility has always been an integral part of our corporate philosophy and it was followed much before the passing of the Companies Act, 2013. Aluminium being a green metal is less likely to cause environmental pollution as the processes employed are not harmful to the environment and are energy-efficient.

Our Company values safety as a prime concern. The manufacturing process and plant of our Company adhere to various safety standards laid down by regulatory authorities. Our Company has received the prestigious OHSAS 18001:2007 certification for its relentless commitment towards maintenance of Occupational Health and Safety Management System Standards.

Though our Company does not fall under the purview of Section 135 of the Companies Act, 2013, still it continues to undertake various activities for the welfare of the society by making contributions to educational institutions and for medical treatment of under-privileged children and other charitable causes.

The Company has constituted a Corporate Social Responsibility Committee to look after its CSR initiatives in order to integrate interest, welfare and aspirations of the community with those of the company itself in an environment of partnership and mutual trust for inclusive development.

RISK MANAGEMENT

Risk Management is a key attribute of the Corporate Governance Principles and Code of Conduct of our Company and it aims to deal with the governance practices across the Company's actions. Risk Management practices and policies enable the Company to proactively handle uncertainty and changes in the internal and external environment to limit negative impacts.

Your Company has a system based approach to business risk management. Backed by a well-planned internal control system, the current risk management agenda consists of the following elements:

- Enterprise Risk Management Policy manual clearly lays down the strategy, policy and initiatives in relation to risk management.
- A strong and independent Internal Audit Function carries out risk focused audits enabling identification of areas where risk management processes may need to be improved. The Audit Committee of the Board reviews Internal Audit findings and provides strategic guidance on internal controls. The Audit Committee closely monitors the internal control environment within the Company and ensures that Internal Audit recommendations are effectively implemented.
- The Senior Management of the Company periodically reviews the risk management framework to effectively address the emerging challenges in a dynamic business environment.

The Policy is in compliance with the SEBI Listing Regulations which requires the Company to lay down procedure for risk assessment and for mitigating risks.

ANNEXURE TO DIRECTOR'S REPORT

(Annexure-4)

SECRETARIAL AUDIT REPORT FORM NO. MR - 3

For the Financial Year ended March 31, 2017 [Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To, The Members, Century Extrusions Limited 113, Park Street, N Block, 2nd Floor Kolkata - 700016 West Bengal

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Century Extrusions Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2017 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made hereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made hereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed hereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made hereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
 - (b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.
 - (e) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)

- (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)And
- (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)
- (vi) No industry specific law is applicable to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreement entered into by the Company with Bombay Stock Exchange Limited & National Stock Exchange India Limited.

During the audit period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observation:

The Company was required to appoint a Chief Financial Officer to ensure the compliance with the Provisions of Section 203 of the Companies Act, 2013. However the Company has internally designated Senior Manager-Finance & Accounts to look after all finance and account matters of the company.

I further report that

- a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Women Directors. There was no change in composition of board of directors during the period under review.
- b) Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- c) All decisions at Board Meetings and Committees thereof were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or the Committee as the case may be.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit Period the Company had not gone through any specific events having a major bearing on the Company's affairs in pursuance to the above referred laws, rules, regulations, guidelines, standards, etc.

This report is to be read with our letter of even date which is annexed as Annexure A and forms as an integral part of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

History

Indian Aluminium Industry was first established in the year 1808 and it took almost 46 years to make its production commercially viable. The research work of the country took several years and resulted in extracting the Aluminium from the ore. On earth Aluminium is third most available element constituting almost 7.3% by mass. Currently Aluminium is also the second most used metal in the world after steel. Due to the fact that consistent growth of Indian economy at a rate of 8%, the demand for metals, used for various sectors, is also on the higher side. As a result, the Indian Aluminium Industry is also growing consistently as in the year 2009 the aluminium industry in India saw a growth of about 9%. In the year 1938 the production of Aluminium started in India when the Aluminum Corporation of India's plant was commissioned. The plant was set up with a financial and technical collaboration with Alcan, Canada which had a capacity of producing 2,500 tonnes per annum. In the year 1959 the Hindustan Aluminum Corporation (Hindalco) was set up; which had a capacity of producing 20,000 tonnes per annum. A public sector enterprise Malco which had a capacity of 10,000 tonnes per annum was commissioned in 1965. Then later in the year 1987, National Aluminium Company (NALCO) was commissioned to produce Aluminium with a capacity of producing 0.218 million tonnes. Indian Aluminium Industry Government started regulating and controlling during the 1970's. Restrictions in entry and price distribution controls were common in the Aluminium Industry. Aluminium Control Order has been implemented where the aluminium producers had to sell 50% of their products for electrical usages in the country. Later in 1989, the order was removed as the government decontrolling was revoked. In the year 1991 with delicensing of industry, the liberal import of technologies and capital goods was started. The liberalization resulted in a growth rate of 12% of the industry, comparing to the growth rate of 6% during the 1980.

Brief Introduction

Indian Aluminium Industry is a highly concentrated industry with the top 5 companies constituting the majority of the country's production. With the growing demand of Aluminium, the industry is also growing at an enviable pace. In fact, Aluminum production in India is currently outpacing the demand. Although India's per capita consumption of Aluminium stands too low (under 1 kg) as compared to the per capita consumptions of other countries

like US & Europe (range from 25 to 30 kgs), Japan (15 kgs), Taiwan (10 kgs) and China (3 kgs), the demand is growing gradually. In India, the industries that require Aluminium Reserves most include power (44%), consumer durables, transportation (10-12%), construction (17%) and packaging, etc. The nonferrous metals industry is a key sector in the Indian economy as it meets the requirements of a wide range of key industries including engineering, electrical and electronics, infrastructure, automobile and automobile components, packaging etc. Aluminium is major a non ferrous and highly versatile metal used in a variety of industries including transportation, packaging, aerospace, machine building, architecture, automobiles, cooking utensils, consumer durable goods and the electrical sector. India stands at the eighth position in the list of leading primary Aluminium producers in the world. The country saw a significant growth in Aluminium production in the past five years. In 2006-07, the production target of Aluminium in India laid by the Ministry of Mines, Government of India was 1,153 KT, which was 7/19/2017 Aluminium Industry in India, Aluminium Plants in India, Aluminium Association of India, Aluminium http://www.indianmirror.com/indian-industries/ Industry aluminium.html 6/9 augmented to 1,237 KT in the next year (2007-08). Because of the growing demand from the construction, electrical, automobiles and packaging industry, the production of Aluminium also hiked up. In FY 09, the total Aluminium production in India was around 1.35 tonnes. The Indian per capita Aluminium consumption is less than 1 kg compared to about 3 kgs in China and 30 kgs in the US. The fact that almost 44% of the domestic aluminium is consumed by the electrical sector and there are only about 300 applications for the metal in India leaves a lot of room for the domestic sector to grow. Just to put things in perspective, aluminium usage on the global front is tilted towards transportation and packaging sectors and there are an estimated 3,000 applications for the metal.

SUMMARY

Various steps are to be taken for promotion of aluminium sector and facilitating its growth. India is the right place where aluminium industry can hope to see a bright future. All these factors indicate that there is a highly promising future for the aluminium industry in the country further stimulated by the huge global market potential that will give a thrust to the industry.—Taking into account the population growth and the 'Per capita' consumption increase, it is

expected that the domestic consumption would be around 3.0 Million Tonnes by the end of 2017. This will exceed the planned growth of 9% projected. –Higher consumption levels in packaging, building and structural, automotive and consumer durable sectors, besides normal consumption in electrical, transport and other industrial sectors will contribute to this. – At the higher level of income, rapid rise in demand and consumption of aluminium is expected. –With the continuing trend of economic growth, per capita income is likely to increase.

Recycling of aluminium is encouraged all over the world and India is also adopting similar policies, as recycling is lees capital intensive, less polluting and more energy efficient.

COMPANY OVERVIEW AND GROWTH STRATEGY

Improved service, prompt response and wider reach to dealers, distributors and the satisfaction of customers have been our continued endeavour for business development.

Success Drivers

Our Legacy: With an experience spanning a rich 24 years, our Company enjoys a number of first mover advantages comprising a comprehensive understanding of the aluminium and aluminium extrusions market, reputed brand and a strong customer base.

Integration: We possess in-house facilities for –

- Melting, casting and homogenization of billets,
- Extrusions manufacturing with three press lines
- Die manufacturing,
- Manufacturing various value added products of extrusions for engineering applications, and
- Manufacturing Power Transmission & Distribution Hardware

With 3 extrusion press lines, the Company has a capacity to produce 15000MT of Aluminium Extrusions, which as per the information available with the Company, is the 3rd largest facility in India as on date.

Die Library: The Company possesses an inventory of more than 5000 dies to manufacture over 3500 profiles. The Company maintains back-up dies for meeting the requirements of fast moving profiles.

Availability of raw material: The Company accesses raw material (aluminium ingots and billets) from three

renowned and proximate primary metal manufacturers-Vedanta Aluminium, Nalco and Hindalco, The Company is one of India's largest institutional aluminum ingots/billets consumers with corresponding purchase economies.

Quality assurance: The Company's manufacturing facility is accredited with the prestigious ISO-9001:2015 certification endorsing its strong quality systems. Our Company continues to emphasize on maintaining the utmost quality and safety standards in its factory. Our Company is also ISO 14001:2004 and OHSAS 18001:2007 certified.

The Company supplies extrusions as per tolerances laid down by the Bureau of Indian Standards in accordance with BIS: 2673-1979, BIS: 3965-1981 and BIS: 6477-1983, and with even stringent tolerances as per customer needs based on mutual agreement.

The sharp focus on Quality in all its initiatives has enabled our Company to launch some specific value-added services

Product applications: We manufacture extruded products for varied applications, viz. :

- Profiles for Architectural Applications such as Building Systems, Structural Glazing, Curtain Walls, Aluminium Rolling Shutters, Windows, Doors, Partitions, False Ceilings, Tower Bolts, Hand Rails, Door Handles, Hinges, Drapery Rods, Modular Furniture, etc.
- Profiles for Aluminium Form work
- Profiles for Road Transport Sections
- Profiles for Rail Coach Windows & Doors
- Profiles for manufacture of Automobile Components
- Profiles for Heat Transfer in Electronics & Electrical Gadgets
- Profiles for Electrical applications such as Tubes and Flats for Bus Bars, Transmission Line Hardware such as P.G. Clamps, H-Connectors, Repair Sleeves, Lugs, Solar Panels etc.
- Profiles for Engineering Applications such as Motor Housings, Gear Pump Casings, Ferrules, A.C.Louvres, Machinery Parts, Elevators, Pneumatic Actuators, Pneumatic Cylinders, Valve Bodies, etc.
- Profiles for various Defence Applications and many more.

The Company also has necessary set up to supply extruded & cold drawn round bars and hexagonal bars in straight lengths for various engineering applications. It also has a set up to supply extruded & cold drawn rods/wires in coil form to be used as armour rods, lamp pin stock, metallizing wire, rivet stock, welding filler wire (MIG & TIG), etc.

Customer profile: The Company possesses a portfolio of over 500 reputed customers. The Company has retained most of the customers over a period of 24 years.

Our Company is in a position to supply Extruded Profiles in Aluminum Alloys ranging from 1xxx to 7xxx series. This is our major competency. Our Business strategy is to book maximum part of our installed capacity for supply directly to end-users.

FINANCIAL PERFORMANCE

On standalone basis, total income of your Company during the year was Rs. 20352 lakhs (Previous year Rs. 18807 lakhs). Out of the total income Power Transmission & Distribution Hardware (Power T & D Hardware) division registered a sale of Rs. 471 Lakhs (Previous year Rs. 304 lakhs). Profit before Tax for the year was Rs. 134 lakhs (Previous year profit before tax of Rs. 56 lakhs). Profit after Tax for the year was Rs. 122 lakhs (Previous year Profit after tax of Rs. 91 lakhs).

Future Outlook

Extrusions

Aluminium extrusions are used for their strength, flexibility, durability and sustainability in various sectors such as construction, transportation, electrical, machinery and consumer durables. They are 100% recyclable and emits no significant hazardous gasses during processing. The increased usage in green initiatives is driving the growth of the aluminium extrusion market. Market research analyst estimates the global aluminium extrusion market to witness a tremendous growth at a rate of around 7% during the forecast period.

The growth of the automobile industry is anticipated to drive the growth of this market during the forecast period. Aluminium extrusion is replacing steel in automobiles and transport. It is preferred over other metals due to its light weight leading to reduced fuel consumption and reduced greenhouse gas emission. Moreover, aluminium is easily recyclable and resistant to corrosion, thus ensuring sustainability and durability of the vehicle.

Our Company has an installed capacity to produce 15000 MT of extrusions per annum. As against this, our production for the year was only 10147 MT. We have a significant spare capacity to increase production and sales volume.

Our Company is planning to minimise the gap of installed capacity and actual production during the financial year 2017-18. Hence The Company will positively work on 80% of its annual installed capacity from the financial year 2017-18.

The segment-wise expected demand growth is given hereafter:

- Power Sector Power and infrastructure sectors in India are witnessing and would continue to witness strong growth in the coming years with the boost from policy measures and budgetary allocations. Our country faces continuing power shortage. More investments to plug the gap means more aluminium extrusions.
- 2. The vibrant Real Estate Sector in our country—
 Triggered by growth opportunities in the construction sector with increasing government budgetary support for the housing sector, the Company eyes for a wider market as more homes and offices mean more aluminium extrusions. Aluminum being Green Metal and an effective substitute to wood and also being corrosion resistant favourably competes with other substitute materials such as steel and wood. The light weight, high strength and durability of aluminum alloys make aluminum attractive for building and construction.
- 3. **Rapidly growing Transportation Sector** More road and more vehicles mean more aluminium extrusions. The Growing Vehicular aluminium content for light weighting of vehicles to save energy will drive aluminium demand further.
- 4. **Engineering Applications** Aluminium Extrusions are increasingly being used to manufacture forged and forged & machined components for use as parts of machinery, fastners, rivets, wire rope ferrules, motor housings for domestic pumps, hydraulic gear pump casings, heat sinks, ladders, elevators, etc.
- The Sustained Agriculture Emphasis in our Country – More investments in irrigation mean more aluminium extrusions.

- 6. **Solar Energy Industry** is an emerging opportunity, which implies significant consumption opportunities for aluminium extrusions from solar panels over the years to come. Century Extrusions Ltd.
- 7. **Indian Defence Sector:** Aluminium extrusions are consumed in a wide range of applications in this sector, comprising tail-end fuse connectors for detonator shells and grenades, frame-work for tents and as a roll-over 'mattress' for tanks to navigate difficult terrains. Given the significant supply deficits, high growth potential and conducive government policies, a large opportunity

Power T & D Hardware

India today stands at the threshold of being an economic superpower. Power is one of the key requirements to support and sustain our economic growth. Power is a key ingredient in driving growth in manufacturing & services. Aluminium finds growing use in this space as it is directly used in the overhead transmission and distribution lines.

Power Transmission and Distribution Hardware Fittings are required for use on Overhead Transmission and Distribution Lines for connecting Insulators with Tower/ Pole Cross Arms and Insulators with conductors.

The Company has manufacturing facilities for casting of Aluminium Alloys, manufacturing of Extruded products in Aluminium & its Alloys, Wire Drawing, Helical Products, Fabrication of Ferrous & Non-Ferrous Components, Argon Welding, Electric Arc Welding, Machining, Bundle Spacer Assembly, Vibration Damper Assembly, Conductor Accessories, Clamp Connectors for Hardware Assembly, and manufacturing of Tools, Dies & Moulds. Aluminium is also used in insulated and underground cables laid in large populated urban areas and in reserved forests (to avoid deforestation), Round Tubes are used for corona control rings, grading rings, mid-span compression joints, deadend clamps and jointing sleeves, among others, signifying huge opportunities for extrusions in the power sector.

During the financial year 2016-17 the Company recorded a sales turnover of T & D Hardware amounting to Rs. 304 lakhs approx. as against Rs. 202 lakhs in the previous financial year. The Company has successfully registered itself as a supplier of its products with a number of State Electricity Boards during the year and the process is continuing. The process will get further momentum as company achieves requirements of minimum years of

supply track record and experience, with each passing year. The Company has received substantial orders from the said State Electricity Boards, Transmission and Distribution Line State based utilities and Erection Contractors.

RISKS AND AREAS OF CONCERN

The Company's capability to assess and manage business risks is crucial in achieving targets. In the current economic scenario, the Company perceives the following risks and concerns.

- a) Market Competition: The Company is operating in a highly competitive market as market dynamics are forever changing with entry of new players in the field of extrusion manufacturing. New players are targeting resellers consequently old players who were earlier in reseller markets are turning towards end users creating competition for the Company. With free market economy now prevailing in India, high quality imported extrusions are freely available in the local market. Hence unless Indian Extrusion Industry, particularly in the unorganized sector undertakes technological up-gradation in the foreseeable future, over next five years, this sector may be wiped out of the market by availability of cheaper and superior quality imported products.
- b) Delay in clearances/approval by Govt. agencies:

 There are delays in obtaining lease renewals for land mortgaged with financial institutions and banks. This adversely affects the financial facilities obtained from the Banks.
- c) Competition from local manufacturers: Some of the customers prefer local suppliers for faster deliveries. Further to compete with local suppliers, we have to sacrifice our margin to neutralize the effect of higher Freight and Central Sales Tax. We are located in a comparatively under-developed part of the country and the demand in this part is not good enough to account for our capacity. We have to sell a substantial quantity (over 70%) in other parts of India where our realization is lower compared to local supplies due to impact of the high freight and Central Sales Tax.
- d) Retention of experienced manpower: Company faces a challenge in retaining the trained work force. The Company has created employee friendly policies and a conducive environment for work life balance.

- e) Price Inflation Risk: Fluctuating raw material prices have been witnessed too often over the past few years. Continuous monitoring of aluminium metal inventory in order to get maximum benefit or alternatively to minimize loss by keeping ideal inventory levels in each circumstance is a major challenge, and this is regularly monitored at the highest level in the Company.
- f) **Trade Union Activities**: Our Workmen's unions operate under the control of three different political parties .It is a challenge to meet the ever-increasing expectations from the Unions, who at times put unreasonable demands due to inter-union rivalry in a bid to secure the support of larger number of workmen.

RISK MANAGEMENT

Your Company has a system based approach to business risk management. Backed by a strong internal control system, the current risk management framework consists of the following elements:

- Enterprise Risk Management Policy manual clearly lays down the roles and responsibilities of various entities in relation to risk management.
- A strong and independent Internal Audit Function carries out risk focused audits enabling identification of areas where risk management processes may need to be improved. The Audit Committee of the Board reviews Internal Audit findings and provides strategic guidance on internal controls. The Audit Committee closely monitors the internal control environment within the Company and ensures that Internal Audit recommendations are effectively implemented.
- The Senior Management of the Company periodically reviews the risk management framework to effectively address the emerging challenges in a dynamic business environment.

The Company strives to identify opportunities that enhance Organizational values while managing & mitigating risks that can adversely impact its future performance.

SEGMENT-WISE / PRODUCT-WISE PERFORMANCE

The Company has two business segments i.e. manufacturing of Aluminum Extruded Products and manufacturing of Power Transmission and Distribution Line Hardware. However, the Company does not fall under any of the

criteria laid down under AS-17 and hence Segment Reporting is not applicable.

INTERNAL CONTROL SYSTEM

The internal control systems and procedure are continuously monitored to enhance its effectiveness and to be commensurate with the scale and nature of its operations. M/s A. Singhi & Co., Kolkata continue as the Company's internal auditors, directly reporting to the Audit Committee. During the year the Audit Committee of the Board regularly met to discharge its functions. The Audit Committee reviews compliance to the Revenue Recognition of the Company. Internal audit activities are undertaken as per the Annual Audit Plan as approved by the Audit Committee and the committee reviews compliance with the plan.

The Audit Committee regularly meets with the statutory auditors to review their observations on the financial reports.

HUMAN RESOURCE AND INDUSTRIAL RELATIONS

Our Company believes that targets of the Company can only be reached with efforts from all its employees. Our Company recognizes that job satisfaction requires congenial work environment that promotes motivation among employees and therefore results in enhanced productivity, and innovation and also provide avenues for employee training and development to identify their potential and develop their careers in the Company.

The Company values contribution of its employees and follows the principle of informing all its employees about its future growth strategies.

CAUTIONARY STATEMENT

Statements forming part of the Management Discussion and Analysis covered in this report may be forward-looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement. The Company takes no responsibility to publicly amend, modify or revise any forward looking statements on the basis of any subsequent developments, information or events.

REPORT ON CORPORATE GOVERNANCE

Corporate Governance Policy

The Company is in compliance with the guidelines on Corporate Governance as stipulated under the various regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and in this regard, submits a report on the matters mentioned in the said regulations and practices followed by the Company.

Some of the major initiatives taken by the Company towards strengthening its Corporate Governance and practices include the following:

- (i) Adoption and implementation of the Code of Ethics and Business Conduct for Directors and Senior Management;
- (ii) Improving Quality and frequency of Information Flow to the Board and to the Audit Committee to enable them to discharge their functions effectively;
- (iii) Adopting a system of risk management and internal control;
- (iv) Transparency and accountability;
- (v) Compliance with all rules and Insider Trading regulations; and
- (vi) Policy on Prevention of Insider Trading.
- (vii) Adoption of Whistle Blower Policy as an extension to the CEL Code of Conduct.

Board of Directors

The Company has an appropriate mix of Executive, Non-

Executive and Independent Directors to maintain the independence of the Board and separate its functions of governance and management. Currently, the Board consists of five members, one of whom is Executive or Managing Director and four Non-Executive Independent Directors including Woman Director. The Number of Non-Executive Directors is more than fifty percent of total number of directors. The Board periodically evaluates the need for change in its composition and size. Non-Executive Directors with their diverse knowledge, experience and expertise bring in independent judgment in the deliberations and decisions of the Board.

The Company's Board of Directors play primary role in ensuring good governance and functioning of the Company. All relevant information (as mandated by the regulations) is placed before the board. The Board reviews compliance reports of all laws as applicable to the Company as well as steps taken by the company to rectify instances of noncompliance, if any.

As per the declarations received by the Company, none of the directors are disqualified under Section 164(1) of the Companies Act, 2013.

Necessary disclosures have been made by the Directors stating that they do not hold membership in more than ten committees or act as a Chairman in more than five committees in terms of Regulations 26 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

INDEPENDENT AUDITOR'S REPORT

To The Members of CENTURY EXTRUSIONS LIMITED,

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of CENTURY EXTRUSIONS LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2017 and the Statement of Profit & Loss Account and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and fair presentation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017 and its Profit and its cash flow for the year ended on that date.

Report on Other Legal and Regulatory Requirements

ANNEXURE 'R' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of CENTURY EXTRUSIONS LIMITED ("the Company"), as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and

directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 36

BASIS OF PREPERATION OF FINANCIAL STATEMENTS:

The financial statements have been prepared in accordance with generally accepted accounting principles in India, The Company has prepared these financial statements to comply in all material respects with the notified provisions of the Companies Act, 2013 and the Companies Rules as prescribed. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out.

NOTE 36.1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in India requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

b. Tangible Fixed Assets

Tangible Fixed Assets are valued at cost less accumulated depreciation. The cost comprises purchase price, borrowing cost if capitalization criteria met and directly attributable cost of bringing the assets to its working condition for intended use.

c. Depreciation on Tangible Fixed Assets

Depreciation on tangible fixed assets is provided on Straight Line Method (SLM) at rates determined on the basis of lives prescribed in Schedule II of Companies Act 2013. Free Hold land, Leasehold Land and Site Development Expenses are not depreciated. Leasehold land wherever lease period expires is fully depreciated in the year in which the lease expires.

d. Intangible Assets and Amortization

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition; intangible assets are carried at cost less accumulated amortization.

Computer software is amortized on SLM over a period prescribed in Schedule II of Companies Act 2013.

e. Capital Work in Progress

These are stated at cost relating to items or projects in progress incurred during construction/installation /pre-operative period.

f. Investments

Investments are classified into Current and Long Term Investment. Current Investments are stated at lower of cost and market / fair value. Long Term investments are stated at cost and permanent diminution in value, if any, is provided in the books of accounts.

g. Inventories

Inventories are valued at the lower of the cost and estimated net realizable value. Cost of inventories is computed on FIFO basis

Work-in-progress and Finished goods include related manufacturing overheads and costs. Finished goods also include the applicable excise duty.

Dies being a specialized item (included in stores & spares inventories) are valued at valuation of such stocks at the year end carried out by approved valuer considering its residual useful life or net realizable value whichever is lower.

h. Recognition of Government Grants

Government grants available to the Company are considered for inclusion in accounts where such benefits have been earned by the Company and it is reasonably certain that the ultimate collection will be made.

An appropriate amount in respect of such earned benefits, estimated on a prudent basis, is credited to accounts according to its nature even though the actual amount of such benefits may be finally settled and received after the end of the relevant accounting period.

i. Sales

Sales include excise duty wherever applicable.

i. Purchases

Pending receipt of final invoices, materials purchased are accounted for on the basis of pro-forma invoice / purchase order / previous purchase rates. Subsequent adjustment is done on receipt of final invoice, wherever necessary.

k. Foreign Currency Expenditure:

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of the transaction.

ii) Conversion

The monetary assets and liabilities in foreign currency existing at Balance Sheet date are accounted for at prevailing exchange rate at the year end.

Non-monetary items, which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange Differences, arising on settlement / conversion of monetary items, are recognized as income or expenses in the year in which they arise except those relating to acquisition of imported fixed assets, in which case such exchange differences are capitalized.

iv) Forward Exchange Contracts

The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts except the contracts which are long-term foreign currency monetary items, are recognized in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

l. Employee Benefits

- i) Short term employee benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related service is rendered.
- ii) Post employment and other long term employee benefits are recognized as an expense in the profit and loss account for the year in which the employee has rendered services. The expense is recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the profit and loss account.

m. Taxation

Provision for Taxes comprises of Current Tax and Deferred Tax. Deferred Tax Assets are recognized and carried forward to be adjusted against liability on taxable income arising in future, only if there is reasonable certainty that the company would have significant taxable income to realize the benefit of such Deferred Tax Assets. Provision for Wealth Tax liability, if any, is estimated in accordance with the Wealth Tax Act, 1957 and provided for.

n. Borrowing Costs

Interest and other borrowing costs directly attributable to the acquisition, construction or installation of qualifying capital

assets till the date of commercial use of the assets are capitalized. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Impairment of Assets

The carrying amount of assets is reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets' net selling price and its value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

Provision for impairment is written back in case of sale / discard of impaired assets.

Proposed Dividend:

Dividend (including Dividend Distribution Tax) if recommended by the Board of Directors, is provided for in the accounts pending Shareholders' approval.

Capital Issue Expenses:

The entire Capital Issue expenses are written off during the year of issue.

Hedging against metal inventory:

The Company takes hedging position against its inventory of aluminium metal and for pending import contracts of aluminium metal, which is our principal raw material. The loss/gain from such hedged contracts is charged to consumption of raw material. All open contracts as on the year end are marked to market for all losses. However, any unrealized gain on open contracts is not accounted until actually realized.

Derivatives:

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions. The Company designates these as cash flow hedges. The Company does not use derivative financial instruments for speculative purposes.

In respect of derivative contracts, premium paid, gains / losses on settlement and provision for losses for cash flow hedges are recognized in the Profit & Loss Account, except in case where they relate to borrowing costs that are attributable to the acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.

At every period end, all outstanding derivative contracts are fair valued on a marked-to-market basis and any loss on valuation is recognized in the profit and loss account. Any gain on marked-to-market valuation of respective contracts is only recognized to the extent of the loss on foreign currency, keeping in view the principle of prudence as enunciated in AS-1, Disclosure of Accounting Policies.
